

Public menu

$$e_j \subseteq N, \quad v_j \geq 0$$

Public lottery

$$Aw \leq \delta, \quad \mathbf{1}^T w \leq 1$$

One draw + veto

Execute j only if $e_j \in \mathcal{F}(x)$

Public design stage

No current private bits

Contract ID or abstention

One agent changing its bit can affect at most its incident lottery mass.
